## Color Correction and Extreme Color Consent Form

**Name:** \_\_\_\_\_

**Phone:** \_\_\_\_\_

**Email:** \_\_\_\_\_

**Date:** \_\_\_\_\_

**ARE YOU AT LEAST 18 YRS OF AGE? Y/N**

### Color Correction Information

It is important for you to share all of your information on what has been done to your hair, even if it was more than three years ago (depending on how long your hair is). Believe it or not, medications, swimming, hennas, temporary colors, and vitamin supplements, can have an impact on your hair color's final result. To set the correct expectations, it is important that you pay attention to your colorist's advice and ask any questions that may arise during your initial consultation.

Your time is valuable and correction hair color can vary between 3 to 8+ hours. We will work as quickly and efficiently as possible. Please keep in mind that the final result may take **several visits** to achieve, depending on how damaged or weak your hair is on your first visit for color correction. Please understand that sometimes, a correction may take more than one visit. This is due to the fact that performing all services necessary to correct the color for the desired result may break or further damage your hair if there is not ample time between processes to allow your hair to strengthen. Please note that the number of visits cannot always be determined until the process is started.

Additionally, there is not a set price for corrective color. The cost is determined by the amount of work necessary to achieve the desired result. Depending on your hair situation, there may be a \$100/hr service fee in addition to the price of services rendered.
